

WOULD PUT COPS TO U. S. ARMY TEST

La Guardia Wants Them to Walk
Ten Miles a Day for
Three Days.

If a cop can walk ten miles a day for three consecutive days or ride a horse thirty miles a day three days in succession he is fit for service, thinks Aldermanic President La Guardia, who in a letter to Mayor Hylan to-day suggested that all policemen undergo this test and that those who cannot pass it be retired.

The United States Army test is proposed by Mr. La Guardia, who points out how it improved the morale in the army by eliminating physically unfit officers.

"I respectfully request," he says in his communication, "that a similar test be applied to the lieutenants, captains and inspectors in the Police Department."

BROOKLYN WINS CAR FIGHT.

Interborough Ordered to Improve
Service From Franklin Ave.

Public Service Commissioner Barrett and Transit Construction Commissioner Jettney to-day in issuing an order to the Interborough to substitute through-train service for Brooklyn to the Flatbush and Eastern Parkway Stations from Franklin Avenue instead of the shuttle service the company has been giving and against which Brooklyn citizens have vigorously protested.

The order, which goes into effect in a fortnight, requires the Interborough to split the ten-car express trains reaching Franklin Avenue into two sections and run one section of five cars over each fork of the line. Franklin Avenue also was designated to be a terminal point for express trains instead of Atlantic Avenue.
